2023/2024

BAUERFEIND SPORTS

→ BASED IN ZEULENRODA, GERMANY

In 2016, we established our own sports line with Bauerfeind Sports. Since then, we also produce supports, compression socks and sleeves as well as insoles specifically for sports.

MADE IN GERMANY SINCE 1929

Our products are made mostly in Germany, before they are dispatched across the world. They meet high standards in terms of quality, effectiveness and wearing comfort.

Our sports products are proven to forestall premature fatigue during exercise and they can prevent sport-specific injuries. After exercise, they assist with regeneration and speed up recovery.

WE EMPOWER
ATHLETES,
FOR MAXIMUM
PERFORMANCE.

Top athletes across the world rely on outstanding quality made by Bauerfeind. Among those is Dirk Nowitzki: The former basketball superstar is our global brand ambassador. Furthermore, as a service partner of the Deutsche Sporthilfe foundation, we provide support to more than 4.500 athletes and thus virtually all Olympic athletes from Germany.

Become a part of the Bauerfeind team and trust the products from BAUERFEIND SPORTS.

*Your
Bauerfeind Sports Team*

UNCOMPROMISING QUALITY

Bauerfeind products don't simply meet standards – they fulfill the most stringent requirements when it comes to quality, effectiveness and wearing comfort. This is confirmed by inspection procedures, for which our products are permitted to bear the seals and marks after successful testing. All medical products meet the requirements of the Medical Devices Directive (EU) 2017/745.

"FOR ME, BAUERFEIND SPORTS BELONGS IN ANY WELL-STOCKED SPORTS STORE"

*For your
personal best*

DIRK NOWITZKI | BRAND AMBASSADOR

Dirk Nowitzki is our global brand ambassador. But he was already a fan of our products long before our official partnership started in 2016: "I have known and appreciated Bauerfeind products for many years now. I have always needed to depend on my body, and Bauerfeind has given me reliable support. Its products are world-class."

The former NBA star and Bauerfeind are united by more than an affinity for sports. The collaboration with Dirk has made it clear that we share the same values. Our colleagues at Bauerfeind Sports also noticed this when they met Dirk Nowitzki in person during his first visit to Zeulenroda, Germany.

He is an incredibly down-to-earth person who knows that hard work leads to success.

"I'm really impressed with what people are doing here and felt instantly at home. We have a lot in common: the importance of family, our team spirit, and our love of sports," said the friendly Lower Franconia native during his visit.

Since the end of his active career, Dirk Nowitzki supports us primarily with his vast experience and contributes his expertise to the new development and enhancement of our sports products.

→ Ad motifs and billboard motifs featuring Dirk Nowitzki are available for our sports partners. In addition, there is also a range of matching PoS material with the superstar in a basketball look for display windows and sales areas. Our sports partners can order the decorative materials from our sales representatives.

CONTENTS

DEVELOPMENT FOR TOP PERFORMANCE

The technologies in our products are developed by specialists in our in-house Bauerfeind Innovation Center in Zeulenroda and trusted by top athletes. Our aspiration is to develop innovative products that impress with their sport-specific functionality and become an integral part of sports kits.

OUR TECH-NOLOGIES

CORE TECHNOLOGIES FOR OUR PRODUCT LINES

3D AIRKNIT®

The super lightweight compression knit perfectly adapts to your body shape, is moisture-wicking and prevents overheating.

TARGETED COMPRESSION

Innovative compression zone improves circulation and muscle economy, making your muscles work more efficiently. This can also have a positive impact on performance and the recovery process.

WEIGHTFLEX®

The unique, patented two-component core featuring the innovative X module supports the arch of the foot and helps with heel-to-toe movement.

BOA® FIT SYSTEM

The Boa® closure system allows for adjustment with precision while being easy to open and close.

Integrated massage pads in Bauerfeind Sports products ensure activation, pressure relief and stabilization of the joints, tendons and muscles. The pads consist of silicone which massages the affected areas with additional nubs. They also ensure optimal distribution of force while playing sports.

BAUERFEIND SPORTS

SUPPORTS

EFFICIENT PROTECTION AGAINST EXCESSIVE STRAIN DUE TO BAUERFEIND SPORTS SUPPORTS.

Using innovative compression, sports supports help to control the muscles and joints during longer sports activities. Our supports also massage the ligaments, tendons, and muscles during exercise, which reduces the risk of injuries or excessive strain. With an anatomical fit, the supports stay securely in place, while allowing for optimum freedom of movement.

MEASUREMENT INSTRUCTIONS

PERFECT STABILIZATION OF THE ANKLE JOINT DURING SPORTS

TAPING TECHNOLOGY
Offers additional stabilization

3D AIRKNIT
Breathable compression knit

SUPPORTS

SPORTS ANKLE SUPPORT

Sports support for the ankle

- + Stabilizes the ankle during intense strain
- + Improves coordination and joint proprioception
- + Guarantees maximum freedom of movement
- + Light, airy knitted fabric made of hard-wearing material
- + Minimizes the risk of twisting under high levels of strain

SPORTS KNEE SUPPORT NBA

OFFICIALLY LICENSED KNEE SUPPORTS OF THE NBA

Used by NBA athletes and professional coaches in the entire league, the Sports Knee Support NBA and Sports Compression Knee Support NBA provide stability and comfort to ensure maximum performance.

COLOR

BLACK

WHITE

Relieves the knee when jumping, running and dribbling

- + Performance: compression all around the joint. The massage effect during movement stimulates circulation and improves muscle control on the court.
- + Stability: targeted compression and gentle massage support the joint and help to prevent excessive strain during the game.
- + Wearing comfort: the 3D Airknit is lightweight, breathable and anatomically shaped for perfect support when dribbling, jumping and throwing.

BAUERFEIND SPORTS

SOCKS & INSOLES

MAXIMIZE YOUR PERFORMANCE.
GREATER STABILITY AND IMPROVED PERFORMANCE.

Perfect for extended runs: long and intense periods of running can lead to foot muscle fatigue or excessive strain in the ankle, Achilles tendon or calf. The insoles, compressions socks and sleeves from Bauerfeind Sports offer protection, improve muscle economy and provide support.

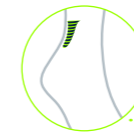

Compression socks and sleeves have to fit on the body like a second skin. To meet these quality standards, we have developed a sizing system that is unique on the market. When combined with correct and individualized measurements, this system provides for an optimized fit.

SUPPORT OF THE CALF MUSCLES WITH TARGETED COMPRESSION

OUR AMBASSADORS AND SPORTS PARTNERSHIPS GLOBAL PARTNER IN THE WORLD OF SPORTS

TOP ATHLETES TRUST IN BAUERFEIND

For decades, Bauerfeind has been developing highly effective medical aids and helping top athletes through its partnership with the Deutsche Sporthilfe foundation and at the Olympic Games. Elite athletes around the world rely on this support and on the new premium products of the Bauerfeind SPORTS range.

DIRK NOWITZKI

Our partnership with Dirk Nowitzki began in January 2016. He is the first global brand ambassador for Bauerfeind AG. Bauerfeind and the basketball super star share a strong dedication to family, a down-to-earth attitude and a great love of sports.

ANNA AND LISA HAHNER

Anna and Lisa, also known as the Hahner twins, are two of Germany's best long distance runners. In addition to several German championships, the two exceptional athletes have won a number of international marathons. They have been Bauerfeind partners for sports supports and compression products since 2012.

ANDREAS TOBA

The cooperation with gymnast Andreas Toba came about directly after he tore his cruciate ligament at the 2016 Olympic Games in Rio de Janeiro. Bauerfeind assisted the runner-up European champion on-site on the high rack and has since provided him with supports, orthoses, foot orthoses and compression products.

THOMAS RÖHLER

Bauerfeind supports Thomas Röhlér, a top athlete from Thuringia. This javelin champion from Jena, who won the gold medal at the 2016 Olympic Games in Rio de Janeiro, has been a Bauerfeind partner since 2020. A constant companion during his training: compression products and supports.

DEUTSCHE SPORHILFE

Since 1967, the Deutsche Sporthilfe Foundation has supported young talents and top athletes on their path to major successes and is the most significant private sports support initiative in Germany. Support is provided both financially and through career planning as well as personal development. As a service partner of the Sporthilfe Foundation, we supply the athletes with our products and expertise.

SSC SCHWERIN

Our collaboration with SSC Palmberg Schwerin is still relatively new. Bauerfeind has worked together with this female volleyball team since 2020. In 2021, the team made it to the podium and became runner-up champions in the German volleyball league.

ALBA BERLIN

ALBA Berlin is one of the most well-known basketball clubs in Germany. From its founding in 1989 as BG Charlottenburg to its spin-off as ALBA Berlin Basketball GmbH, the club has experienced a steady career in the German football league. As a premium partner of ALBA Berlin, Bauerfeind AG assists the players with supports, compression products and foot orthoses.

THW KIEL

THW Kiel, which was spun off from the Turnverein Hassee-Winterbeck e.V. in 1992, is the most successful German handball club. Bauerfeind AG has been a partner of THW Kiel since the 2012/2013 season and assists the "Zebras" with supports, foot orthoses and compression products.

EINTRACHT FRANKFURT

As a professional women's football partner, we supply our products to the players on the German Bundesliga team Eintracht Frankfurt.
