

wasasweden
customized accessories since 1940

Easy Safe Secure

Wasa Sweden produces customized accessories for the garment industry since 1940. We have evolved from a family business to a global company with offices in Sweden, Denmark, Germany and Hong Kong. We serve you from design to distribution wherever your production is in the world and customize not only the products but also the service. Easy, Safe and Secure!

Quality

Since the beginning our focus has been on quality. High grade raw materials, high quality machinery in production and high technical know-how. With more than 70 years in the business we have a lot of experience which is fluently pass on to new co-workers. Combined with new thinking and ideas this keeps us on a very high level of knowledge and quality.

We are a proud supplier of accessories for Sail Racing.

Tools & Machines

To make sure it all fits we also make the tools to our products. If needed we can customize the fitting of the tools to fit most machines. We can also supply a full range of different machinery, fully automatic, semi-automatic as well as different manual machines, electric or handpress. In our technical workshop we can do test of strength, pullpower, durability and and trouble shooting.

We care

We care about the world we live in and the impact that we have. We source new materials, recycled, recyclable, waterless dyeing yarns and plastics and more. We are constantly looking for new ways of working to protect the environment and the people working with our products now and in the future.

OEKO-TEX®
CONFIDENCE IN TEXTILES

CERTIFICATE

The company

Wassa Sweden AB
Box 128
716 21 Fjögresta, SWEDEN

is granted authorization according to STANDARD 100 by OEKO-TEX® to use the STANDARD 100 by OEKO-TEX® mark, based on our test report 17-26422-2

for the following articles:

Magnetic snap buttons made of stainless steel and Ni-Pa-B magnet-encased or covered with PVC packing
Leatherette labels laminated with PU
Elastic and rigid webbings
PET heat transfer.
(Exclusively based on material certified according to Standard 100 by OEKO-TEX®.)

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 4, product class II have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 4 for products with direct contact to skin.

The certified articles fulfil requirements of Annex I/II of REACH (incl. the use of azo colorants, nickel release, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSC), with the exception of accessories made from glass.

The holder of the certificate, who has issued a conformity declaration according to ISO 17065-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate SE 17-0612 is valid until 30.04.2018

CERTIFICATE

The company

Wassa Sweden AB
Box 128
716 21 Fjögresta, SWEDEN

is granted authorization according to STANDARD 100 by OEKO-TEX® to use the OEKO-TEX® mark, based on our test report 17-26422-1

for the following articles:

Wool and plastic accessories. Labels made of polyethylene free PVC, white and pigment dyed. Labels made of silicone, white and in colour. Knitted cuffs made of polyester/lycra. Heat transfer films. Woven labels, tapes, narrow fabrics and lany snapper made of polyester. (Based on material partly pre-certified according to Standard 100 by OEKO-TEX®.)

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, product class I have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex I/II of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSC), with the exception of accessories made from glass.

The holder of the certificate, who has issued a conformity declaration according to ISO 17065-1, is under an obligation to use the OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate Ö 97-061 is valid until 18.12.2017
