REMIX

PRODUCTS MADE FROM LEFTOVER MATERIALS | 

No Shortcuts means doing things the right way, for the right reasons. We're committed to providing everyone on the bike with the highest equipment standard. Repurposing excess fabrics from previous production runs, we created the REMIX line. The Remix jacket, jersey and bib tights have the same performance as we expect from our other products. Made of stretchy and soft materials it offers freedom of movement on all your bike tours, making it better for you and for the planet.
