SORONA® FABRIC CERTIFICATION PROGRAM

EVERY THREAD HAS A STORY. LET'S FIND YOURS.

You've discovered it: a material that transforms fabrics into experiences and incorporates performance into the everyday. From intimates to outerwear, t-shirts to jackets, all Sorona® fabrics—including Agile, Aura, Luxe, Profile and Revive—are certified to look good, feel good and do good. Thanks for your commitment to high performance standards and to living a little bit more sustainably every day.

HELD TO A HIGHER STANDARD

We believe in trust, traceability and transparency throughout the entire supply chain. That's why all Sorona® fabrics are certified to look good, feel good, and do good through the Sorona® Common Thread Fabric Certification Program—ensuring the performance our customers deserve, and the accountability our industry needs.

TRUST IS MORE THAN A FEELING

We don't put our name on just any fabric. Our customers trust us to deliver the performance and quality they expect. That's why we strictly test all fabric solutions before they're certified through the Sorona® Common Thread Fabric Certification Program.

DEPENDABILITY THROUGH TRACEABILITY AND TRANSPARENCY

We enable you to provide your customers with a copy of their certificates, tracing their unique fabric solutions to the performance and feeling that Sorona® polymer provides.

BECOME A PART OF THE SORONA® BRAND COMMON THREAD PROGRAM

1  To request a fabric certification form, visit sorona.com and fill out the information on the "Contact Us" page. Under the "Subject of Your Inquiry" drop-down list, select "Certifications and Specifications." After we've sent you the form, complete it and return it to us.

2  We'll review the form and send you a confirmation email with your Sorona® brand identification number. Make sure to keep the Sorona® brand identification number, as this is your connection into the Common Thread program.

3  Mail two meters of your fabric, labeled with your Sorona® brand ID number, to the address shown on your confirmation email. If you've completed any development phase testing, or if your fabric meets specific industry standards, send us the additional third-party lab reports.

4  We'll review your provided information and test your fabric to determine if it qualifies. If successful, we'll issue you with an official Notification of Approval into the Common Thread Program, certifying your acceptance.

KEEP THE CERTIFICATE HANDY TO SHARE WITH CUSTOMERS

The Common Thread certificate will help your customers obtain Sorona® brand hangtags and labels to use on their products. Each certificate will have a unique identification code that matches our database.

CUSTOMIZE YOUR PROMOTIONAL KIT

As soon as your fabrics are certified, we will provide a customizable promotional kit where you can add your own mill logo to literature, posters and digital ads.

SUBMIT ADDITIONAL FABRIC FOR BRAND PROMOTION

We love to showcase certified fabric and want to include yours. As soon as we receive certified fabrics from you, we will start promoting it globally to brands.

CONTACT US

Visit our website or speak to your Sorona® brand marketing manager if you have any questions about your fabric submission for the Common Thread program.
