KICKER SPORTS

Overview & Mission

We specialize in crafting goalkeeper gloves, footballs, and garments with precision, constantly innovating methods to enhance performance and quality. By combining expertise, cutting-edge designs, and collaborations, we empower brands to achieve excellence. Committed to quality, consistency, on-time delivery, gender equality, health, safety, and environmental sustainability, we deliver solutions that drive success and enrich community well-being.

Our Commitments to Customers

- Customized Solutions: Tailored gloves, footballs, and garments to your brand's specifications.
- High-Volume Production: Large-scale order fulfillment with state-of-the-art technology.
- On-Time Delivery: Reliable, punctual delivery to meet your operational timelines.
- Uncompromising Quality: Consistently high-quality products with expert craftsmanship.
- Innovation: Continuous product and process improvement using advanced technologies.
- Sustainability & Safety: Eco-friendly practices and strict health and safety standards.

Key Highlights

- Significant Achievements:** Kicker Sports have opened a 100,000 sq. ft. factory in 2025, tripling production capacity. The facility also includes 40,000 sq. ft. for management areas and essential services.
- Unique Selling Point:** As pioneers in football technology, we introduced Thermo-bonded Edge-bending Technology installing complete machinery in special facility specially designed for this technology. At Kicker sports we have the honor of introducing 62 Panel ball which is the highest number of panels a football has ever had. We specialize in fully customized football, Goal keeper gloves and Garments from material selection to final design, with a deep understanding of Players and game needs. Our commitment to digitalization in production enhances efficiency and precision, ensuring high-quality results.
- Successful Projects:** We've helped emerging brands like TITAN, RG, and Paker scale and succeed in the competitive market.
- Manufacturing Capabilities:**
 - Football Production: 60,000 pieces/month Scalable to 165,000
 - Goalkeeper Gloves: 50,000 pairs/month, scalable to 145,000
 - History: 25,000 pieces/month Scalable to 120,000
- Facilities:**
 - 6-story production building (132,000 sq. ft.)
 - 5-story administration (10,000 sq. ft.)
 - 5-story R&D/sequence building (40,000 sq. ft.)
- Professional Team:** Skilled designers and developers ensuring continuous innovation.
- Customer Trust:** Strong partnerships with Paker (17 years), TITAN (10 years), RG (5 years), Aarth (10 years), and Saloponters SP (17 years) Punjab (15 years) Gini Sports (12 years) Keen Sports (10 years) Hurm Sports (4 years) Storelli (6 years) Timmo (12 years) Paper (12 years)
