ULU FALL WINTER 2025  
**RAVEN** ARCTIC GRIP™

[uluoutdoor.com](http://uluoutdoor.com)

## VIBRAM ARCTIC GRIP

Innovative Technology specifically engineered and designed to perform on wet ice. Engineered for low-temperature use. Offers Vibram performance, quality, and durability. Improved grip on cold, icy, or snowy surfaces compared to existing Vibram soles. The thermochromic lug on each sole turns white to blue as the temperature nears 0 degrees Celsius.

## Vibram Mid-Sole

Engineered with EVA mid sole to provide the lightest weight and highest performance. Best-in-class for cushioning performance and durability.

## Toe Protection Rubber Patch

The large rubber protection piece on the toe helps you avoid potential impact risks.
