NO SHORTCUTS

Like the modest champion sitting in the corner, SCOTT quietly lets its achievements, its victories, its skills speak for themselves. We don't make products for those who yearn to be noticed. We make them for those who are going to do what they do whether there's anyone watching or not. If you're like us, you say what you say, do what you do, ski where you ski because you love it. You do it the right way. You do it for the right reasons.

WOMEN COLLECTION

FOUNDATIONAL/ ESSENTIAL

The foundational/essential colour group for women is a mix between stability with the dust white, virtues of balance with the power red and mystery with the rich purple. These colours all combine to capture our imagination and bring a desire for escapism. When you're among noise and distractions, these colours provide a sense of serenity, reassurance and stability. The meadow green invites you to play and escape in the outdoor environments.
