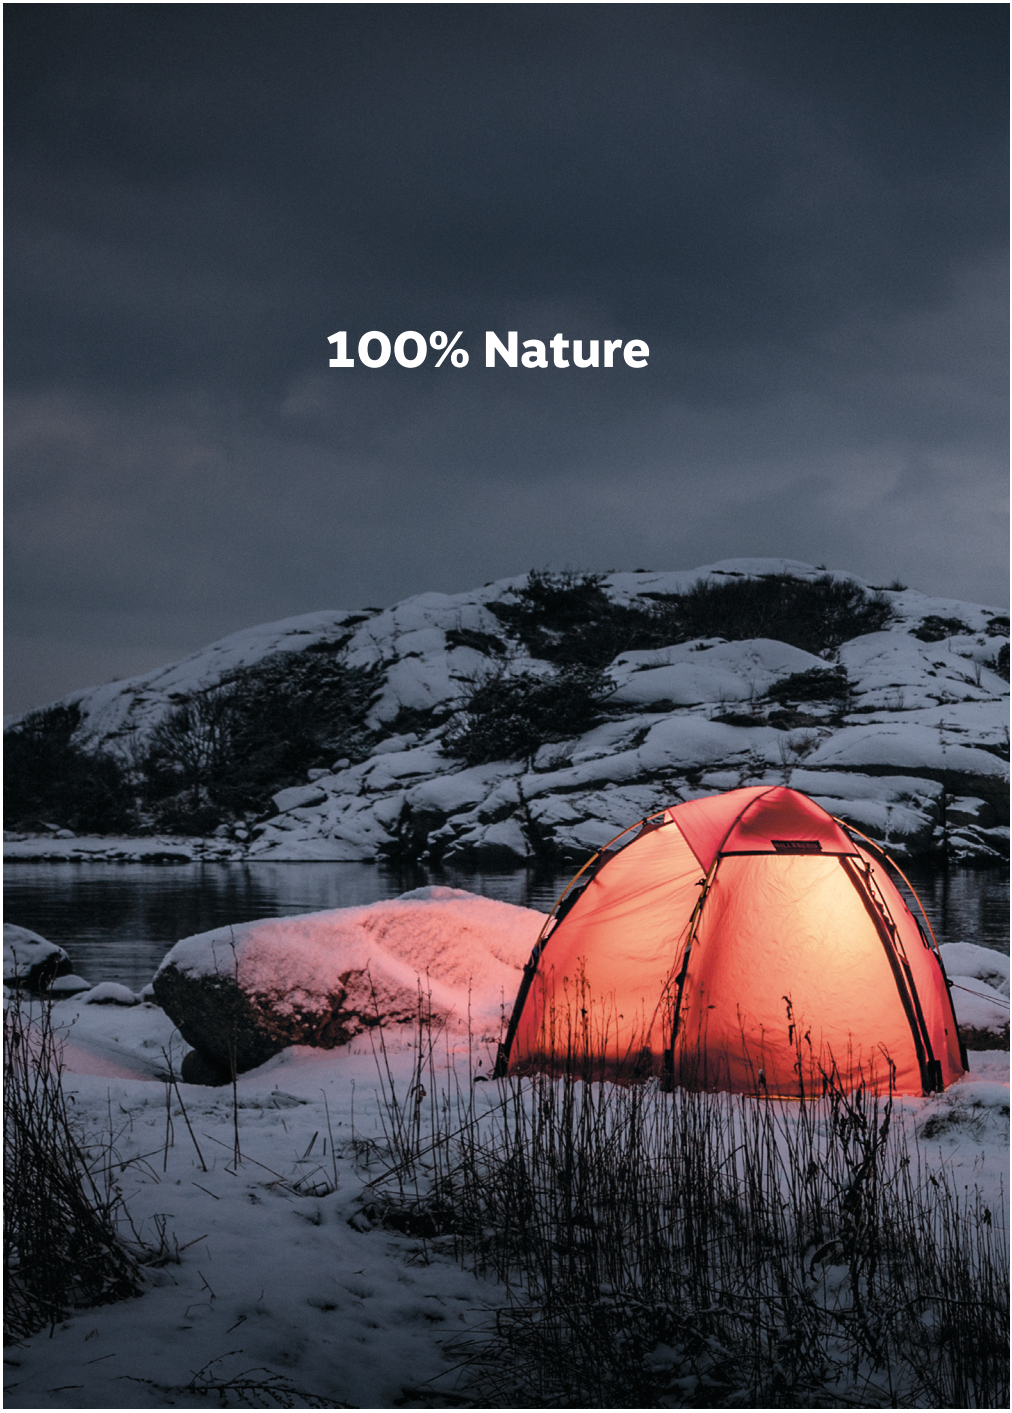
100% Norwegian wool

Sheep in our harsh nature grow soft, lustrous
and extremely durable wool. Wool that makes
chemicals unnecessary – and sweaters that will
keep you warm for years.



100% Nature

Being outdoors all year round is a given in the
Norwegian way of life; with the right gear,
even a roaring storm can be enjoyable.

BRÅTENS

100% NORWAY

From 100% Norwegian wool, we make sweaters, socks, hats and mittens. With traditional Norwegian patterns and colors, deep know-how and skill, we honor our heritage and pass it on to future generations.

Our Eskimosokk has been around ever since it was launched in 1947. It passed the ultimate test when the Greenland Sirius Dog Sled Patrol as well as the Danish, Norwegian and Swedish armies chose it to keep their feet warm in extreme conditions.

No cheating, no shortcuts. Just honest, high quality products made from the finest Norwegian wool.

100% Norway.
